

RUS BUY AMERICAN ACT COMPLIANCE

GAON Cable Company declares and confirms that the OSP Fiber Optic cables, as sold to the RUS Telecommunications borrowers in the United States of America, comply with the following provisions:

- A. The whole production of the cables is done in Republic of South Korea and the final manufacture is completed in Republic of South Korea.

- B. The cost of United States and South Korea's components within the cables is more than 50 percent of the total cost of all components utilized in the cables.

The above facts qualify GAON Cable Company OSP Fiber Optic Cables as meeting the RUS Buy American ACT requirements.

In 2018 RUS Rescinded Bulletin 43-9:344-3 and Amended 7CFR Part 1787.2 definition to the following provisions:

1. Any product that is manufactured in the United States or in any eligible country.

2. The product contains components manufactured in the United States or any eligible country consisting of more than 50 percent of the total cost of all components used in the product.

3. An eligible country is any country that the United States Trade Representative determines as having corporations located therein, as eligible to enter into a contract with a RUS Borrower, under which loan funds will be provided for unmanufactured and manufactured goods.
